All-In Cost Proposal

Full-Service PEO | Benefits | Payroll | HR

QCIC, Inc.

Business Consulting | ~20 Employees | 9 States

Proposed Effective Date: January 1, 2027

Prepared by: Joe Volino, VensureHR
C: 631.241.2190 | 250 Park Avenue, Suite 1201, New York, NY 10177

September 2026
Confidential

1 Recap of the Problem

What we heard from QCIC, and how this proposal answers it.

QCIC is a security engineering and risk consulting firm with about 20 employees spread across nine states. Put simply, the message we heard was: **"Our medical costs are too high for what we get, and we are not getting the level of service we expect from our PEO."** You want to lower what the company and employees pay for health coverage without taking benefits away, and you want a partner who answers the phone, knows your account, and fixes issues the first time.

What you told us	What this means day to day	What changes with VensureHR
Medical costs are too high	Premiums take a large share of the benefits budget and employees feel it in their paychecks.	Same carrier (Aetna Tristate) and matching plan designs at lower rates: an estimated **$9,890.76** saved per year (4.66%).
We don't want to lose coverage	Switching carriers or networks could force employees to change doctors.	Aetna stays in place. Deductibles, out-of-pocket maximums, coinsurance and office copays match your current plans.
PEO service isn't where it should be	Questions take too long to resolve and there is no consistent point of contact who knows the account.	You get named contacts: a Dedicated Payroll Specialist, a Dedicated Client Relations Manager and a Dedicated HR Partner.
Multi-state payroll is complicated	Employees in FL, HI, MD, NJ, NY, PA, SC and TX mean more tax accounts and filings.	VensureHR collects, files and remits payroll taxes in every state and handles new state setup.
Switching sounds disruptive	Fear of payroll errors, lost deductibles or a messy transition.	A January 1 start lines up with the calendar-year deductible reset and the new tax year. See the rollout plan in Section 7.

Our commitment: this proposal only uses numbers from your Aetna rate comparison, the VensureHR pricing illustration and the ancillary packet. Where we still need data from you (for example, your current PEO fees), we say so instead of guessing.

2 Executive Summary

The key numbers at a glance.

$9,891	Aetna	$100	Included
Est. annual medical savings (4.66% lower)	Same carrier and matching plan designs	VensureHR admin fee per employee per month	Employment Practices Liability (EPLI)

Cost Area	Current (Justworks)	VensureHR Proposed	Difference
Medical premiums (9 enrolled)	$212,268.00	$202,377.24	($9,890.76)
PEO / admin fee	Please provide invoice	$24,000.00 ($100 PEPM x 20)	TBD
Workers' compensation	Please provide invoice	$2,150.70	TBD
State unemployment (SUTA)	Please provide invoice	$9,024.64	TBD
One-time setup fee	N/A	$1,500.00	One time

How to read the bottom line

The medical savings are confirmed by Aetna rates. To complete the side-by-side, we need QCIC's current Justworks invoice (admin fees, workers' comp and SUTA). Until then, here is a simple test: VensureHR's recurring non-medical costs are **$35,175.34** per year. After the **$9,890.76** medical savings, VensureHR is the lower all-in cost if QCIC currently pays more than **$25,284.58** per year (about **$105.35** per employee per month) for PEO fees, workers' comp and SUTA combined.

What is included in the $100 PEPM

Payroll	HR & Compliance	Benefits & Technology
Dedicated Payroll Specialist	Dedicated HR Partner	Master plan benefit administration
Tax filing & remittance (W-2/1099)	Dedicated Client Relations Manager	COBRA, FSA/HSA/HRA, ACA reporting
New state & pay group setup	Handbook review & development	401(k) plan access & administration
Garnishments & new hire reporting	Harassment & discrimination training	24/7 online payroll & HR access
Unlimited standard & custom reports	Unemployment claims assistance	Employee self-service portal

3 Medical Comparison

Aetna Tristate current plans vs. VensureHR proposed plans, effective 1/1/2027.

Each current plan is matched to a VensureHR Aetna plan with the **same deductible, out-of-pocket maximum, coinsurance, office visit copays and pharmacy copays**. The only design difference is the emergency room copay, which goes from $350 to $400. Employees keep the Aetna network they use today.

Plan Feature	Current: NY10 Aetna EPO 20/1000 Y	Proposed: NY EPO OA 1000
Deductible (Ind / Fam)	$1,000 / $2,000	$1,000 / $2,000
Out-of-Pocket Max (Ind / Fam)	$5,500 / $11,000	$5,500 / $11,000
PCP / Specialist Copay	$20 / $65	$20 / $65
Emergency Room	$350	**$400**
Employee Only (x5) monthly	$1,432.00	$1,317.99
Employee + Spouse (x1) monthly	$3,078.00	$3,026.19
Annual Total	**$122,856.00**	**$115,393.68** (save $7,462.32)

Plan Feature	Current: NY8 Aetna EPO 30/3000 Y	Proposed: NY EPO OA 3000
Deductible (Ind / Fam)	$3,000 / $6,000	$3,000 / $6,000
Out-of-Pocket Max (Ind / Fam)	$7,500 / $15,000	$7,500 / $15,000
PCP / Specialist Copay	$30 / $65	$30 / $65
Emergency Room	$350	**$400**
Employee Only (x1) monthly	$1,209.00	$1,113.14
Employee + Spouse (x1) monthly	$2,599.00	$2,555.03
Annual Total	**$45,696.00**	**$44,018.04** (save $1,677.96)

Plan Feature	Current: NY7 Aetna EPO 45/0 Y	Proposed: NY EPO OA 0 $45
Deductible (Ind / Fam)	$0 / $0	$0 / $0
Out-of-Pocket Max (Ind / Fam)	$5,500 / $11,000	$5,500 / $11,000
PCP / Specialist Copay	$45 / $65	$45 / $65
Emergency Room	$350	**$400**
Employee + Spouse (x1) monthly	$3,643.00	$3,580.46
Annual Total	**$43,716.00**	**$42,965.52** (save $750.48)

Medical Summary	Enrolled	Current Annual	Proposed Annual	Savings
All plans	9	$212,268.00	$202,377.24	$9,890.76 (4.66%)

QCIC may offer up to 8 plans. The full Aetna portfolio (26 additional plan options, including HSA-qualified and out-of-area PPO plans) is available if you want to add a lower-cost or richer option. Rates are valid for 90 days and final rates are set by underwriting after enrollment.

4 Dental, Vision & Ancillary

MetLife and VSP/Davis options, plan year rates. Monthly premiums shown.

MetLife Dental Plan	Basic / Major	Annual Max	Ortho (child)	EE	EE+Sp	EE+Ch	Family
Enhanced Elite	90% / 60%	$5,250	50%, $1,500	$65.75	$131.31	$154.53	$236.30
Enhanced Premier	80% / 50%	$2,250	50%, $1,500	$53.19	$106.22	$125.20	$191.37
Enhanced Standard	80% / 50%	$1,750	40%, $1,500	$41.68	$83.22	$93.82	$145.18
Basic Plus	60% / 50%	$1,250	Not covered	$28.62	$57.14	$62.20	$96.96
Basic	60% / 30%	$1,250	Not covered	$23.89	$47.69	$51.91	$80.92
DHMO (NY)	Fixed copays	Fee schedule	Fee schedule	$11.50	$20.29	$23.24	$35.17

All PPO plans: 100% preventive, $50 / $150 deductible. Employees can see in-network or out-of-network dentists.

Vision Plan	Exam / Materials	Frames	Contacts	EE	EE+Sp	EE+Ch	Family
VSP Vision	$10 / $25	$200 allowance	$200 allowance	$7.34	$14.72	$12.46	$20.52
Davis Vision	$10 / $25	$200 allowance	$200 allowance	$6.54	$13.11	$11.09	$18.27

Our recommendation: offer three dental choices (DHMO, Enhanced Standard and Enhanced Premier) so employees can pick low, middle or high coverage, plus VSP Vision. Benefits are the same on VSP and Davis; VSP has the larger network for a small price difference. Once you share current dental/vision enrollment, we will add an exact cost comparison.

Additional MetLife coverage available

Coverage	Options	Rate
Basic Life / AD&D; (employer paid)	$15k, $25k, $50k, $100k, $200k, 1x or 2x salary	$0.146 per $1,000 / month
Short-Term Disability	60% up to $2,500/wk or 50% up to $1,000/wk; employer or voluntary	NY employer-paid from $0.184
Long-Term Disability	50%-60%, $1,000-$15,000/mo max, 90 or 180-day wait	Employer-paid $0.205-$0.300
Voluntary Life	$10k-$500k employee; GI up to $300k	Age-banded, employee paid
Accident	Value / Advantage / Premier	EE from $6.46 / month
Critical Illness	$10k, $20k or $30k	Age-banded per $1,000
Hospital Indemnity	Low / High / Highest	EE from $9.10 / month

Example: $25,000 employer-paid Basic Life for 20 employees = 20 x 25 x $0.146 = $73.00 per month ($876 per year). STD and LTD rates are applied to covered benefit/payroll per the ancillary packet.

5 Workers' Comp, SUTA & Admin

Estimated from QCIC's payroll by state and class code.

State	Class	EEs	Est. Annual Payroll	SUTA Taxable Wages	WC Rate	WC Cost	SUTA Rate	Est. SUTA
FL	8871	1	$122,381.90	$7,000.00	0.0426	$52.13	2.70%	$189.00
HI	8871	1	$111,137.00	$61,958.00	0.1597	$177.49	3.00%	$1,858.74
MD	8871	1	$126,457.90	$8,500.00	0.0290	$36.67	2.60%	$221.00
NJ	8871	2	$319,150.80	$89,600.00	0.1456	$464.68	3.40%	$3,046.40
NY	8810	1	$90,000.00	$13,000.00	0.1144	$102.96	4.10%	$533.00
NY	8742	2	$267,334.65	$26,000.00	0.2288	$611.66	4.10%	$1,066.00
PA	953	4	$517,500.00	$40,000.00	0.0840	$434.70	Client Report	Client Report
SC	8871	1	$77,494.95	$14,000.00	0.0342	$26.50	Client Report	Client Report
TX	8810	7	$829,587.30	$63,000.00	0.0294	$243.90	3.35%	$2,110.50
Total		**20**	**$2,461,044.50**			**$2,150.70**		**$9,024.64**

What the terms mean: WC rate is the cost per $100 of payroll. SUTA is state unemployment tax, charged on each employee's wages up to the state's taxable wage limit. "Client Report" (PA, SC) means taxes in that state are reported under QCIC's own state account; VensureHR still processes the filings.

Please note: workers' comp pricing depends on a completed Risk Questionnaire and 3-5 years of loss runs. SUTA is an employer tax owed with any provider; rates shown are estimates and are finalized by each state.

VensureHR fees

Item	Rate	Annual Estimate
VensureHR Admin Fee (20 employees)	$100 PEPM ($2,000 / month)	$24,000.00
Employment Practices Liability (EPLI)	Included	$0.00
One-Time Setup Fee	One time	$1,500.00

Optional add-ons (only if QCIC wants them)

Add-On	Rate	Add-On	Rate
Time & Attendance	$49 / mo + $6 PEPM	E-Verify	$6 per verification
QuickBooks Online Integration	$500 one time	Report Center Access	$5 viewer / $20 explorer

Applicant Tracking, Performance Management and 401(k) pricing are tiered by group size; see the VensureHR pricing illustration or ask us for a quote.

6 Total Program Cost Summary

Estimated first-year cost with VensureHR.

Component	Monthly	Annual	Notes
Medical premiums (Aetna)	$16,864.77	$202,377.24	Total premium; employer/employee split set by QCIC
VensureHR Admin Fee	$2,000.00	$24,000.00	$100 PEPM x 20 employees
Workers' compensation	$179.22	$2,150.70	Pending risk questionnaire & loss runs
SUTA (estimated)	$752.05	$9,024.64	Owed with any provider
EPLI	Included	Included	
Recurring annual total	$19,796.05	$237,552.58	
One-time setup fee		$1,500.00	Year 1 only
Estimated Year 1 total		**$239,052.58**	**Dental, vision & ancillary added once elected**

Break-even check against Justworks

	Amount
VensureHR recurring non-medical cost (admin + WC + SUTA)	$35,175.34
Less: confirmed annual medical savings	($9,890.76)
Break-even: current Justworks fees + WC + SUTA per year	$25,284.58
Break-even including the one-time setup fee (Year 1)	$26,784.58

If QCIC's current Justworks invoices show more than $25,284.58 per year for PEO fees, workers' comp and SUTA combined, VensureHR costs less in total, on top of the service changes in Section 1. Send us one recent Justworks invoice detail report and we will replace every "TBD" in Section 2 with exact figures.

Why the service side matters to the cost: payroll or tax errors cost time and penalties. With a named Payroll Specialist, Client Relations Manager and HR Partner, QCIC has specific people accountable for getting it right, plus annual client reviews to check what is and isn't working.

7 Rollout & Onboarding Plan

A realistic path to a January 1, 2027 go-live.

A January 1 start is the cleanest point to switch: Aetna deductibles and out-of-pocket maximums reset on the calendar year anyway, and payroll tax wage limits restart with the new tax year. That means employees do not lose deductible credit, and 2027 W-2s come from one provider.

Phase & Timing	What happens	Who
1. Decision & Paperwork Oct 5 - Oct 16	Sign Client Service Agreement and benefits agreement. Complete signed RFP, Risk Questionnaire and provide 3-5 years of WC loss runs.	QCIC + Joe Volino
2. Data Collection Oct 19 - Nov 6	Send from Justworks: payroll journal (invoice payroll journal detail), YTD wages, employee census, current benefit enrollment and dependents, PTO balances. Confirm PA and SC state tax account numbers.	QCIC
3. Account Setup Nov 9 - Nov 27	Build payroll in the VensureHR platform: 9-state tax setup, pay schedule (bi-weekly), deductions, GL mapping, user access. Kick-off meeting with your Payroll Specialist and Client Relations Manager.	VensureHR Implementation
4. Open Enrollment Nov 30 - Dec 11	Employee benefits meeting (virtual). Employees enroll online in medical, dental, vision and any ancillary plans. Employee portal onboarding.	Employees + VensureHR Benefits
5. Validation Dec 14 - Dec 23	Underwriting approves final enrollment. Review a test payroll against a recent Justworks payroll. Give Justworks termination notice per your agreement once coverage is approved.	QCIC + VensureHR
6. Go-Live Jan 1, 2027	Aetna coverage starts; ID cards issued. First VensureHR payroll processed in January.	VensureHR
7. Check-ins 30 / 60 / 90 days	Review payroll accuracy, open questions and employee feedback. HR assessment and handbook review with your HR Partner.	Client Relations Manager

Things to know before switching

- **Don't cancel current coverage early.** Keep Justworks benefits in force until VensureHR underwriting approves final enrollment.
- **COBRA participants:** anyone already on COBRA from a prior PEO before the VensureHR start date cannot move onto the VensureHR master plans.
- **Rates are time-limited:** the Aetna quote is valid for 90 days and final rates can change if the census or enrollment changes.
- **Workers' comp:** final WC pricing requires the Risk Questionnaire and loss runs in Phase 1.

Next step: send one recent Justworks invoice detail report and current dental/vision enrollment. We will return a final side-by-side and schedule your kick-off.
